

SPECIAL UPDATE BULLETIN

CMI is very excited to announce the success of the **T.A.R.P.** and *STIMULUS* Programs!

With the first six months' figures, CMI now has a proven plan to provide the needed economic *Relief* for everyday Americans and the economic stimulus to truly drive our economy back to the days of prosperity. As everyone can see by now, the government's bailout and stimulus plans have done little, if anything at all, for working-class America. People are still drowning in debt, homes are still being foreclosed on and massive job loss is still occurring. But most Americans sit by idly thinking that there is no way out and no one is there to help them or to provide viable solutions for the working-class where they find themselves today.

And where do most working-class families find themselves today? Worried about losing their job or worried about if they will still have a roof over their heads or how will they continue to provide for their families with such mounting debt. There must be a solution for the everyday person that will work for them right where they are today, using the little they have left available to at least begin to move forward once again.

With only what CMI considers a small success, the CMI **T.A.R.P.** and *STIMULUS* programs have brought forth such a solution as needed above. Let's take a quick look at what we mean.

- In only six short months these plans have paid out a combined total of **\$6,600** in cash Relief and Stimulus money to families just like you.
- In only six short months the plans have given our families a safe and secured savings account, as CMI has delivered **1,800** one ounce Silver Eagle coins to the plan's membership.
- The total membership in the combined plans was 319 members in only six short months.

So, what does this report really tell us here at CMI? We need to add a second name to our plans:

Troubled American Relief Program **T.A.R.P. II!**

When you combine the **\$6,600** in cash payouts in the plans with the **CMI Debt Reduction Plan**, CMI has given families the opportunity to have the number one, most needed *Relief* - a definite way of getting out of debt. At the same time, it has provided that so vital *Relief* of **additional income** into the household. We have all seen **Silver** and **Gold** hit the roof as families rush to find a safe haven to secure the little savings they still have left in the one financial product that has stood the test of time - **Precious Metals!**

And last, the CMI Plans have proven that they can directly stimulate our economy, as **\$6,600** has been put directly into the every-day consumers hands! Let's take just a quick look at how confusing our government can be at times to working-class Americans.

First, our government economic teams state that you need to start *spending money that no one has* to stimulate our economy if you want things to get better for you and your family. Next, you are instructed to get out of debt as fast as you can...with *money you don't have*, so you can start *spending money you don't have*, again, to stimulate the economy if you want things to get better. And last, our government wants you all to be good Americans and start *saving money you don't have* so we can once again build a strong economy! Understand?

Well, we understand in CMI. Since 1991, CMI has provided working-class America with the economic solutions customized for your needs, right where you are today, with the exciting **T.A.R.P.** and **STIMULUS** programs.

The members who purchased their first Silver Eagle coin for only \$100 out-of-pocket cost and assisted six other families to save in the same manner, received their first **Relief** and/or **STIMULUS** check of \$100 in 30 days and took their first step towards no debt and additional income, becoming a new consumer again with a secure and safe savings account for their family's financial future.

How do you eat an elephant? One bite at a time!

CMI's goal is to have the CMI **T**roubled **A**merican **R**elief **P**rograms T.A.R.P. II provide **\$60,000** per month in **Cash** and **Silver Relief** for its members and **Stimulus** for our economy, by year's end. And by the end of next year **\$6,000,000 per month**, all from only **\$100** per month per member! If everyone does a little, we all get a lot! People Helping People!

Are you still one of those who are hoping that the government's stimulus checks (for those who qualify) will grow to be the solution for your family? So are you just really only waiting and watching for now as far as working your **T.A.R.P** or **STIMULUS** plan? Or maybe you still believe that you only need to give the government's economic plans for you "a little more time to work?" If either of these are you, then the CMI solution may not be for you and your family.

To be successful with this plan, a person only needs to "**REACH OUT**" to help another in need and your needs will be immediately served and provided for.

"In service of others; we become free"

Where do you want your family to be by the end of this year or even next year, on the way to financial freedom and out of the pressures of today's economic turmoil or further behind than where you might be at this time? Help CMI to Help Others to Help YOU! **Reach Out**, to meet our goal of \$60,000 per month in Relief and Stimulus by year's end by starting today with this Special Bulletin and share it with the first six people you meet.

Then set your goal of sharing and **Reaching Out** to at least six new people per week...that's only one a day with one day to rest. CMI urges each member and new member to share the success and message of the CMI Economic Solution, in this Special Bulletin, with everyone within your daily contact, before it's too late for that particular individual or family.

How do you know if it's too late for them or not? That's our exact point - you don't. So, please do not wait for a single moment to "Reach Out" to anyone and everyone, as you don't know who may at that very moment be in need and maybe even at their last moment of desperation.

"You have nothing to lose, but everything to gain when saving another family from the ravages of a lost economy!"

CMI is very proud of and wishes to recognize our Achievers who have received their full CAPPED **T.A.R.P.** and/or **STIMULUS** check of \$600 and Silver Eagles during the first six months of the plan! Congratulations on a task well done for your family and the families you have “Reached Out” and helped!

Just as it worked for these hard working members, it can work for you! Get on the daily conference call and/or Monday training calls and ask them how they did it! They will be more than happy to share their techniques and success stories with you as these members already understand that your success is everyone’s success within the CMI membership. You can dial in daily at **712-432-0448** with access pin number **2902210#**. Live calls are at 2 PM, 4 PM, 6 PM, 9 PM and 11 PM, Central Standard Time.

The recorded call is available at **712-432-0448** with access pin number **2159397#**. And as always, you can visit the website at <http://www.cmimaster.com/tarp.html> .

It’s Your Turn – It’s Your Time...to experience “A Different Economic Reality.”

CMI thanks you for all your hard work and dedication to this most worthy mission of ‘Americans Saving America!’
