

Here are the “tools” to help you build your TARP program syndication.

There is a full page flyer and a post card sized advertisement option. Please take advantage of both of these reliable and effective resources.

The **TARP Flyer** is a single page 8 1/2 x 11 size document.

When you click on the **TARP Flyer** link, the page appears on your computer screen. It is a MS Word file and you can change/input your personal contact information and then print it on your home computer printer.

For large quantities, take the file to your selected commercial printer, they will handle it from there.

Get the TARP Flyer by clicking ([HERE](#))

The **TARP Post Card** is a double-sided 4 x 6 size document.

When you click on the **TARP Post Card** link, the page appears on your computer screen. It is a MS Word file and you can change/input your personal contact information and then print it on your home computer printer if you have the skills to do so.

It is highly recommended that you take the TARP Post Card file to a commercial printer for a more professional looking job on card stock paper.

Get the TARP Post Card by clicking ([HERE](#))

The **Hand-Out** version has a full front announcing the TARP opportunity. The reverse side provides all of the detailed information for marketing and promoting the program.

The **Mailer** version has a blank area for you to enter the mailing address of the intended recipients. The reverse side provides all of the detailed information for marketing and promoting the program.
